Legislative Endorsement Information:

We welcome persons eligible for candidacy desiring to seek the Republican endorsement to present themselves to our convention. A few notes to consider:

Per our Constitution, “All persons wishing to seek endorsement for elected office shall interview with the Candidate Search Committee.” This is commonly referred to as a ‘Nominations Committee’ and has been selected by the Executive Board for the upcoming convention. For practical logistical purposes the committee will meet in advance of the convention and as a result **candidates seeking legislative endorsement must notify the committee no later than February XXth at XXpm their intention**. You may do this by sending an email to joshua.wickander@gmail.com. All submissions received will receive a response within 24 hours. The committee will meet at some point during the week prior to the convention.

All candidates presenting themselves will be posted on the ‘Legislative Endorsement Candidates’ button on our website here: <https://sd33mngop.com/Convention.html>

All candidates and/or their campaign committees are urged to review convention documents, specifically the Agenda and Proposed Rules to plan for their presentation/speech to the delegates. Please note convention agenda, its order and rules are subject to change solely at the desire of the convention delegates.
