

# CHOOSE WELL 2026

## WHAT IS IT?

The Choose Well 2026 resources toolkit is designed for pastors and ministry leaders that desire to transcend our polarized and politically charged culture and engage government, in times of election and in times of governance, in a way that is Biblical and God honoring. We all know this is not easy to navigate with our congregations, and that's why this toolkit exists. We hope these resources are a breath of fresh air to you as we approach another election season in Montana and seek to glorify Christ in it!
