

CHOOSE WELL 2026

WHAT IS IT?

The Choose Well 2026 resource toolkit is designed for pastors and ministry leaders who desire to transcend our politically charged culture and engage government, during elections and in times of governance, in a way that is Biblical and God honoring. We all know this is not easy to navigate with our congregations, and that's why this toolkit exists. We hope these resources are a help to you in the 2026 election season as you seek to glorify Christ in it!
